Mrs. S. H. Davis Dies
After Long Illness

After suffering with great fortitude a long illness Mrs S. H. Davis died at 6 p.m., Friday July 7th.

The news of her passing cast a deep gloom over the community, for though Mrs Davis, had had but one year of residence in our midst, she had in that short time gained a place in our affections, and her husband who is has earned our esteem was keenly sympathized with. Mr Davis in an effort to nurse his wife back to health had left his position as manager of the local branch of the U. G. G., and devoted his entire time to the care of his wife. Hoping that the saline atmosphere and fresh air at Salt Lake would prove effectual in helping the sufferer to regain health, they had moved out to Salt Lake, but despite the best care and attention the angel of death claimed his prey.

The funeral will be held from the home of her parents in Calgary. Mr Davis, and son accompanying the bier which left Chauvin on Saturday evening's train.

Mrs Davis, whose christian name was Lily Theresa, was 38 ytrs of age, a daughter of Mr and Mrs Neville Garrett, late of Vancouver and now of Calgary. She is survived by her husband and little son Laurence. Three brothers, Bert Garrett of Calgary, A. E. Garrett of Calgary, and Frank Garrett, of Calgary; also sister, Mrs Dorothy Millard, Vancouver. During the recent war she was a most strenuous worker in the Red Cross and other similar labors. Of late she has had to relinquish her public work but for all that she gained no small part in our esteem and regard, thus her loss is keenly felt by all.

Card Of Thanks

We wish to express our very sincere thanks for the very many acts of kindness and help given during the long illness and death of our dear wife and mother. There have been so many kind acts, and such keen sympathy displayed that is is quite beyond us to adequately express our gratitude. We can but simply say "Thank you"

S. H. DAVIS, and SON.

Mrs. Ralph Felton
Dies At Grand Rapids

It is our sorrowful duty to report that news has been received from Grand Rapids, Michigan, telling of the death of Mrs Ralph Felton at that place on June 28th. Our information is very meagre, but we learn that the death followed an operation for appendicitis. The deceased is survived by her husband, Ralph, and three children.

Mrs Felton during her residence in our midst was an active worker in all that pertained to public welfare, and has a host of freinds who will be deeply grieved by the news of her death, and feeling sincere sympathy for the bereaved husband and children. A sense of disappointment will be felt, for we had anticipated her return to the district at an early date.

Local Veterans
Pass Resolution:
Seek Investigation

At a special meeting of the Great War Veterans' at Chauvin on July 8, a Resolution was passed as follows:

Whereas it has come to the notice of the Chauvin Branch of the Great War Veterans' Association that a petition has been circulated in and around Edgtrton district with tht result that several Hun ex-artillerymen have settled in the district. We the members of tht Chauvin G.W.V.A. in special meeting assembled do fully endorse the Resolution passed by the Provincial Extcutive of the G.W.V.A. that this matter be fully investigated in the interests of fallen comrades overseas, returned men at large and the country in general.

Copies of this resolution are being forwarded to all locals in the vicinity, also to the provincial command.

Leasee to have the first crop. New terms thereafter. Not to be used as a pasture. Dr Folkins then declared the meeting adjourned.

The Westminster Ladies Auxiliary have postponed their meeting of this week which was to have been held at Salt Lake. The date of next meeting will be announced in a later issue.

'C' Squadron Win
Big Share Of Prizes

The picture of perfect health, resulting from 10 days encampment at militia drill, "C" Squadron, 19th Alberta Dragoons, returned to Chauvin on Thursday June 29th after a very pleasant sojourn at Winterburn Camp 13 miles west of Edmonton. The home trip was in charge of Lieut. E. A. Pitman.

Major Strachan and Lieut. J. A. McKenzie stopped over in Edmonton for a brief visit.

Chauvin and district have every reason to be proud of the showing made by our men this year in spite of the fact that "C" Squadron contained many new troopers who, prior o entrainment, had had very little, f any, practice

A sports day was held on Thursday, June 22nd, Chauvin easily walking off with the lion's share of honors.

Brig. Gen. Bell, G.O.C. Military District, No. 13, inspected the troops n Monday, June 26th.

A sham battle was staged, and our men were detailed to capture a ridge of hills from a flag army.

Major H. Strachan, V.C., M.C., who won his spurs overseas for his part in eoding the Fort Garry Horse miles behind the lines a Cambrai, displayed his usual skill in this fight. He led his men on a wide detour and turned the enemy's right wing by a flank attack when he broke in the centre. In this attack "C" Squadron was the only one to reach the object which is the essence of training.

So well was the plan executed that General Bell remarked he didn't observe Major Strachan's outfit till it was directly upon the foe and had it been a real war the opposing force would have been wiped off the map. An unlooked for snag was met, however, when Corporal McCarren, while trying to avoid a stump, dismounted from his horse without previous intention, but Jimmy came up smiling and was soon in the saddle again. Here are some of the 'C' Squadron's honors:

1. Best saddle and horse lines.
1. Best Regimental tent at Camp.
3. Best line of tents.

The regimental tent prize was won by Sergt. B. Johnston, Sergt. C. Mathison; Corp. Don Saul; Corp. McDonnell and Trp. D. Dundass.

The squadron prize was won by Corp. Gilmour, Trp. Floyd Pierce, Tr. R. Pierce, and Tr. H. Godin.

To Trp. Fred Poirier goes the honor of breaking in the regimental bucking horse.

'rC' Squadron had the highest average in shooting. Lieut. E. A. Pitman and Trp. G. F. Thomas won prizes in this contest.

Both officers and N.C.O.'s of 'C' Squadron which was specially mentionde by General Bell for its efficiency, deserve much praise fro the able manner in which they discharged their various duties while at Winterburn.

It is felt by Colonel Weaver and other high officers that a squadron which has made such a splendid record should be equipped with local quarters, and an armory may be erected here in the near future.

An auction sale of farm stock and machinery belonging to F. Peterson, will be held on Saturday, July 15th. Mr. G. Reynolds acting as auctioneer.

Manitou Lake Chautauqua
(By our Special Correspondent)

The grounds situated on the shores of Manitou Lake were the scene of much pleasure and instruction when the much looked for visit of the Chautauqua commenced its series of programmes on Friday last. Wandering round the grounds one was struck with the large number of vehicles present and wondering where they all came from. There was also a lunch counter and booth presided over by Messrs Reynolds of Chauvin and Ullis of Artland respectively. As far as

one could see there were between 60 and 70 cars present on the grounds. The afternoon programme supplied by the Clifford Foote trio was varied and interesting, the items including Trios, Duets, Solos, one act play, and water color paintings, all of which were During the interval between afternoon and evening shows a baseball game was played between teams of married versus single, which ended in a decisive win for the Benedicts by the score of 11 to 6. In watching this game the crowd had the opportunity of getting themselves in readiness for the evening programme, which included an opening by the Clifford Foote trio, prior to the main event of the evening, a lecture by Mr. Matthew Wayman entitled "Economic problems of Europe, and how they affect us." The lecture appealed especially to the business men and farmers, and came up to all expectations. Mr. Wayman is a clear forceful speaker, besides being one of Canada's authors and his lecture was listened to with great attention and interest. I propose dealing with the remaining three days programme in the next issue. From reports at present available it looks as if the Chautauqua is going to be a complete success financially, and that the guarantors need have little fear of having to make up any deficit.

might not be interesting to our readers.

The genial Chauvin Printer and his family motored to Edgerton Sunday for the Masonic annual service. He likes twisting through the sand hills and he likes twisting to steering apparatus of his car. We might add that we had the pleasure of a trip with him ourselves recently.

Bishop Lloyd officiated at the evening service of the Anglican Church confirming a class of four boys and five girls. The church was packed and the service very highly appreciated. After the service the Bishop by request, kindly consented to give an address in the Chautauqua tent, choosing as his subject 'Canadian Citizenship in 1932'. A very large and appreciative audience listened attentively and the writer of these "echoes" regrets very much being unable to give a verbatim report of his address which was an inspiration and handled in a very able manner; but not being a shorthand expert, we can only say that we would like to have every one in this Dominion of ours hear his message.

Edgerton Echoes

Chautauqua is all the rage here at present although we believe that the advance guard of artists got the notion that Dunn Tank was the rendezvous; at any rate their flivver refused to bring them farther, and a hasty hike up the trail by one of the party and a three hours wait by the remaining occupants was rewarded by the welcome sight of Charles Bransgrove in a real car to take them to their journey's end, the disgusting Lizzie thing left behind.

Slim and Dick, the local mechanical genii, pulled on a real piece of surgical work in the anatomy of Lizzie while still in the sand hills and brought her into town under her own steam—no gas; real service say we.

We are very sorry to echo that little Phil Pawsey and Varner Dempsey are both in hospital in Edmonton undergoing surgical treatment. We all wish both speedy and complete recovery.

Jean Smith of the bank staff is back from her holidays—yes we notice somebody smiles now.

Have you noticed the latest style of tonsorial artistry prevalent in our midst: We forgot to enquire the name of this particular style, however it

Notes From North East

The Chautauqua has been holding prominent place these last few days.

Even summerfallow was abandoned at its call.

It requires some knowledge to know who is on the 'phone these days? It was settling day on July 1st.

Bank Of Montreal July Crop Report

Montreal, July 6th—Below will be found a brief synopsis of telegraphic reports received at the head office of Bank of Montreal from its branches:

General: Heavy general rains have greatly improved prospects in every province east of the Rockies, and hopes run high for better than average crops of grain and hay. British Columbia, however, is still suffering badly from drought.

PRAIRIE PROVINCES

Crops continue to make good progress, needed rains have fallen and damage from pests is small.

Edmonton District. Conditions good following beneficial rain, wheat in shot blade, oats looking well, hay in some districts will be short.

Calgary District. Heavy rain somewhat late for northern part of district, where conditions of crop only fair; southern portion grain, pasture and hay good.

Lethbridge District. Conditions generally favourable; some localities suffering badly from drought have been materially improved by recent rains.

Saskatoon District. Unless general rain comes soon crops will be below the average; conditions vary, and are best in northern localities; little damage from hail.

Regina District. Crops have benefited from heavy rain, and conditions are favorable; some losses from hail; prospects indicate average to good crop.

Winnipeg District: Crops well advanced;

damage from recent violent wind and hail storm confined to comparatively small part of Province; headed out in some localities.

PROVINCE OF QUEBEC

Cereal and root crops are looking well, but warm weather is needed. In some districts complaints are heard that there has been too much moisture; hay and pasture in splendid condition.

PROVINCE OF ONTARIO

Rains have been general; warm dry weather would now encourage large crops; fall wheat filling out well and beginning to ripen; large crops indicated; spring wheat, oats and barley in good condition, above average; very heavy yield of hay promised; corn a little backward; fruit good average crops looked for; pasture in splendid condition

MARITIME PROVINCES

Conditions generally bright. Annapolis Valley prospects are from fair to good crop of good quality apples; good hay crop practically assured everywhere—in fact, all prospects good except in limited parts of St. John Valley, where floods caused damage.

BRITISH COLUMBIA

Weather hot and dry, rain badly needed everywhere; hay half average. Grains 70 per cent; roots 60 per cent; potatoes Ashcroft 25 per cent above average. In Okanagan water situation rather serious; apples 80 per cent small fruits above average except plums and prunes; Fraser Valley tree fruits particularly good; berries much below average. Nicola and Ashcroft report grasshopper plague.

ADVERTISE IN THE "CHRONICLE"

X.L. Stampede Was Big Success

This Stampede was an unqualified success as far as the riding and horses were concerned, but did not get the support it deserved from the public.

Some of the worst horses seen in Western Canada were sent out of the chutes and the steer bucking was hard to beat.

But the majority of this people missed the best of the riding both days, as they did not get here until noon and after, and the riding started at 9.30 the first day and 9 the second day. The promoter figures on about the same time next year.

The races were rather slow.

Successful Sports At Manitou Lake

The threatening clouds did not deter a good attendance at the thirteen annual Manitou Lake picnic, on Saturday July 1st. If one needs further demonstration that this is one of the big events of the year, we might add that even the "thirteenth" one of the series was successful. Neither the big black clouds of the morning, nor the early following Chautauqua event prevented the success of the annual Manitou Lake picnic.

The committees are to be congratulated upon their successful labors, it being commonly admitted that the

arrangements were of the best.

Visitors from beyond Lashburn on the north and Senlac on the south; from Unity on the east to beyond Ribstone on the west; were present, in addition to a full gathering of the local folk.

Baseball, usually the chief of the attractions at a sports day, found a heavy competition from the drawing power of the charm of the Lake beach—it may seem commonplace to those living close to the lake the years around, but truth to tell, this lake has greater charms and more health-giving qualities than many of those now being extensively "boomed"—whilst the athletic events attracted more the usual interest.

The athletic events witnessed the defeat of some of our old time champions and a fresh crop of young athletes full of promise for great things in the sports line. At the time of writing we are unable to give our readers a complete list of the prize winners, so we refrain from making an invidious distinction by naming a

few alone. It was to be noted that some of the competitors were harassed considerably by the eagerness of the onlookers who pressed forward over the track itself.

Baseball fans found interest aplenty to fill the day. Prosperity and Senlac finally linking up in combat for the first and second place in the tournament. In this Prosperity suffered a defeat but no disgrace; and we are pleased to see the rural team holding second place on such an important day.

The Champion Consolidated School unit of the Junior Red Cross recently raised \$30.00 for the new Childrens Hospital in Calgary by holding a tea. Like the other Junior branches they are keen to be at the top of the list in supporting the new hospital, in which 24 patients have been cared for since it was opened.

Bishop Lloyd

At Edgerton

The Masons at Edgerton attended a special service in the Chautauqua tent Sunday afternoon, Rev. E. H. Madocks of Edgerton and Rt. Rev. G. E. Lloyd, bishop of Saskatchewan officiating, assisted by a full choir of male and female voices.
Bishop Lloyd delivered a sermon

which will be long remembered by his hearers. Taking as his text the words from the opening hymn "That they may build from age to age an undefiled heritage" He visualized the first Anglican church in Canada at Halifax with its history of nearly two centuries, whilst Anglican mission work in the West was of over one hundred years duration, whilst our own part of the West had but a twenty year history. Already in the East they had built from age to age, whilst all of us, both in East and West had a part in building the age to follow ours. How are we building? He urged the necessity of taking a wide outlook, not looking only at the things by our feet, but looking forward to the great nation that should arise on the vast territory of Canada. A territory comparable with Europe, and larger than the United States. Our task was to upbuild such a great nation. He eulogized the work of those school teachers who seeing beyond the statutory duties of imparting the knowledge called for by the syllabus, imparted the ideals to their pupils thus making them better citizens of this fair Dominion. He left his hearers thoroughly impressed with the ideal that it was their happy duty to so live and work today that the moral foundations of a great nation might be well and truly laid by us each and every one.

Mrs. G. L. Hudson and Mr. Hayes contributed beautiful solos, adding to the charm of the service

Mrs. J. Rinde is visiting at Manitou Lake,

The Security Elevator is very gay looking with its new coat of red paint

Weed inspector Victor Dallyn reports that there is considerable stink weed in certain areas in the district. Active steps have been taken against this and other weeds.

Chauvin and district are sending a full quota of boys to the Clear Lake camp. We hope the lads will have a good time.

Considerable progress has been made with road work within the municipality during the past two weeks.

Freight Rates

In addition to the reductions in freight rates on grain decided upon by the House of Commons, the railway commission has issued an order providing for a decrease of 7½ per cent. on basic commodities, to come into effect August 1st, according to advices from Ottawa. This decrease will apply to forest products, build-

plaster, potatoes, ores, pig iron, scrap iron. This order also applies to coal rates in Alberta, amounting to about 20 cents a ton, on coal shipments from Alberta fields.

To Standardize Coal

A decision to adopt some system of standardization of Alberta coal, in order to facilitate marketing, was reached at a conference of coal operators of the province with Premier Greenfield and officials of the government, which was held at the government buildings Tuesday. The conference was called by Premier Greenfield to discuss standardization and marketing. The Premier told the operators he was prepared to do anything he could to improve the marketing conditions of Alberta coal, but there were several problems to be solved, and standardization was one of them. A committee of 12 will be appointed to deal with the question of standardization, which will include three men each from the other fields of the province. It is expected that the committee will be ready to report in about two weeks' time. Other problems of marketing will be discussed. For some time the government has had a campaign in progress in Manitoba to increase the marketing of Alberta coal there, and has met with some success. Geo. Pratt, government fuel engineer in charge of the demonstration at Winnipeg gave the conference Tuesday one of his illustrated lectures demonstrating the proper methods of firing Alberta coal. Premier Greenfield pointed out that Alberta must develop along two chief lines, namely, agriculture and the coal industry, and attention must be given to the marketing problems.

Pleasant Times At Killarney Picnic

Wednesday July 5th. was a red letter day in the history of Killarney, the occasion being a Sunday School Picnic held at Learigg. All the church members were present with the children, and, if the faces of elders and youngsters were any criterion, everybody was having, as one little girl remarked, "The time of my life—everybody looked so happy." The Misses Armour worked hard all the afternoon interesting the children and helping them to enjoy themselves to the full. The swing and see saw were much appreciated by the young ones, even the older members couldn't resist the see saw and one lady gallantly took on two of her friends, but, sad to say, the plank cracked. was it weight or excitement I wonder, or maybe it was a flaw—anyway there seemed to be no need of the thought "Backward, Oh backward turn time in your flight, Make me a child again, just for to-night." for everybody seem again, but just like the children we all were, no-one thought to propose a vote of thanks to the instigator of the picnic, Mrs. Armour, but we meant to do it anyway and I hope she felt rewarded in a small measure when a small girl on leaving, said, "Good-bye I have had such a nice time."

We trust for the sake of the little ones, and there were quite a number of them, that the church will make this an annual event.

Pelican District

The new Pelican School was formally opened Monday, June 19th. Miss Bernice of Killam is in charge and 10 pupils have enrolled.

Much grade work has been done in the district lately and the roads have been greatly improved thereby.

CHAUVIN, ALBERTA**PORTABLE GRANARIES**

In Western Canada the value of the portable granary for farm use is recognized by every grain farmer

In the rush of threshing it is impossible at times to draw the grain to the elevators, and some means must be had on the farm to store the grain and protect it from the elements

Another value of the portable granary is that very often just at the harvest time the price of grain might not be the best that the farmer could obtain if he held his grain until a later date

Today the farmer is alive to his own interests, and a difference of a few cents a bushel in the grain crop will pay for this building.

We have a special lot of select guaranteed dry granary stock on hand which it will pay you to inspect before you build.
